

Testimonials

Teacher Testimonials for MasterTrack Software

“Organizing our data helps our Title I teacher focus her time to best help students.”

-K-6th grade Math teacher

“I am excited about data collecting!”

-2nd grade teacher

“As a Special Education teacher, MasterTrack, seems like a very useful tool to help keep multiple grades organized.”

-K-5 Special Education teacher

“The Class Summary Report [in MasterTrack] is really great. ReThink is very user friendly.”

-K-5th grade Math teacher

“Having a standards-based tracking tool will help a lot!”

-Middle School Math teacher

“Organization of data and feedback for parents and myself will assist me at school.”

-1st grade teacher

Testimonials

Teacher Testimonials for ReThink Mathematics

"The strategies presented in the workshop helped me fully understand different ways to fully utilize all of the data."

-4th grade teacher

"You are very passionate about teaching and supporting teachers. Thank you!" --

-4th grade teacher

"You are so realistic and have the focus on the kids learning math!"

-2nd grade teacher

"After the workshop I am feeling more confident about meeting needs of special education students in a cohesive, comprehensive manner."

-4th grade teacher

"Great presentation! I wish [the workshop] were 2 days!"

-5th grade teacher

"I feel empowered to teach rather than racing through the book and hoping they get it!"

-5th grade teacher

"The resources, information, and expertise at ReThink Mathematics are exactly what I was looking for and needed."

-Kinder teacher

"This is the best workshop that I have attended!"
